Reign of Marcus Aurelius

Ludi numbered 135-

MARCUS ANNIUS VERUS

168

Expedition to northern frontier
of Roman Empire.

Spring 168

Both consuls Marcus Atilius & Lucius Varrus left Rome for the north but arrived at AQUILEIA to find most of the fighting over, and the Germanic war bands already in retreat.

Varrus wanted to return home but Marcus insisted they press on over the Alps.

After settling the situation in the frontier provinces, they retired to Aquileia

for the winter 168/169
